Wallace Farm, Inc. has applied to renew its state permit to operate a large Type 3 composting facility at its 14410 Eastfield Road, Huntersville location. The Solid Waste Section has prepared draft Solid Waste Permit No. 6022-COMPOST, which would approve the five-year renewal of the compost operating permit.

The facility receives wood and yard waste, animal manure, food waste, and similar types of materials to produce compost.

A 45-day comment period will begin July 2, 2015 and end at 5:00 p.m. on August 17, 2015. People wishing to comment on either the application or the proposed permit conditions should submit their comments in writing to the division contact, Tony Gallagher, at the above address.

A public hearing on the permit renewal is scheduled for July 28, 2015, at 6:30 p.m. in the North Mecklenburg High School auditorium, 11201 Old Statesville Road, Huntersville. Interested parties may submit oral or written statements at the public hearing.

The facility application, fact sheet, and draft permit may be viewed online at <http://portal.ncdenr.org/web/wm/sw> (Public Notices tab), or by appointment at the Division of Waste Management office, 217 W. Jones Street, Raleigh, during business hours.
